About Weddings Abroad Guide

HOW IT ALL BEGAN - THE UK'S FIRST DESTINATION WEDDING PORTAL!

Weddings Abroad Guide sprung to life in 2005 after I planned my own wedding in France and has since grown into one of the UK's **most successful Destination Wedding websites**. Its simple **philosophy** is to provide **trusted independent information** and **advice** to couples getting married abroad.

We aim to build strong relationships between couples and wedding professionals.

We promote the services of wedding professionals who operate in the destination wedding market and deliver them genuine leads.
