

# Château in the Country

Luxurious accommodation for the discerning couple

Château in the Country sits elegantly on the Dordogne River with a 3-hectare park surrounding it. Peace and tranquillity are definite attributes of this location. With a wisteria arbour, a beautiful terrace overlooking the river and a large pool, this is a lovely quiet haven ideal for enjoyment. Our large reception rooms and orangerie are simply furnished with a touch of contemporary fashion

sympathetically matching with this 18th-century château.

Located only 22km from the UNESCO World Heritage site of Saint-Emilion and just over an hour to Bordeaux and its airport, or 45min from Bergerac airport, the château is readily accessible for all that the Bordeaux region has to offer.

Accommodation ranges from a river view penthouse apartment, suites or self-

contained apartments and is available for whole site rental sleeping 58 people.

The chateau is about tailored experiences to delight and engage guests. Food services include breakfast, the option to book an evening meal, cook yourself meal packs, shopping service and cooking classes, all from our resident chef Peter.

Chateau in the country is an extraordinary venue for your photographer to capture that perfect

moment between yourselves and your loved ones. The flexible options here mean you and your guests can enjoy different spaces, ensuring each stage of your event is unique.

The resident chef can help you menu plan and will food shop for you and the shared kitchen is perfect for you to prepare everything in. This is charged at 10€ pp. The food is charged as per supplier receipts. We can extend this offering by privately catering

for all your additional meals too - prices are dependent upon menu plan. Finally, with your exclusive use, why not invite your friends over for champagne and canapes. Our two beautiful reception rooms, orangerie and large terrace are perfect for entertaining.

## Your wedding day rooms and use of spaces

There are numerous rooms and areas that lend themselves perfectly for your special day.

Why not hold your ceremony at the head of our water feature within our park, moving to the stone staircase at the front of the chateau for cocktails before dramatically opening the Chateau's grand doors revealing your reception space.

Alternatively, you can meander through the wisteria arbour onto the sun terrace where your guests are gathered awaiting your arrival. The photographic opportunities are endless!

We can offer you:

Two large reception rooms, perfect for dining or dancing. Our huge orangerie bedecked with chandeliers, floor to ceiling windows

overlooking the courtyard terrace.

Large swimming pool - perfect for relaxed drinking and dining.

Our beautiful barn to host any type of event with seating and dancing for up to 120 guests.

The 3-hectare park is an amazing space to hold group fun events.

## Making the most of your stay

The location of the chateau is perfectly situated for all kinds of activities. Why not experience kayaking down the Dordogne or a wine tasting at a local chateau or with our sommelier. The world heritage town of Saint-Emilion is breathtaking and well worth a visit. Consider a painting lesson or yoga session in our pavilion. Even attend a pottery workshop

nearby. Numerous night markets are a must visit too. The food market every Sunday at Issigeac is a feast for the eyes - why not buy the freshest ingredients there and prepare a glorious meal for friends back at the Chateau.

Local restaurants are a delight to visit - why not try L'Ardoise, an exquisite fine dining establishment very local to our chateau. Restaurant 108 is an excellent French restaurant with beautiful terrace or Palma Nova pop up restaurant, one of our favourites, for a relaxed, informal evening by the river.

Our resident chef Peter is also on hand to offer private cookery classes upon request.
